ROUND TABLE

CLOSES ITS SEASON Officers Re-elected for the Ensuing Year-Debate Was Closing Number on the Programme.

The Round Table held its final meeting of the season Tuesday evening with Mrs. E. A. Tracy as hostess at her home on Spalding street and the attendance was especially large. There was a delightful musical programme, consisting of piano solos by Miss Suele V. Whittlesey and Miss Alice L. Wordward, and tenor solos by Arthur R. Blackledge.

This was followed by a debate upon the question, Has War Brought Greater Benefits Than Peace? For the affirmative the speakers were E. A. Tracy, Mrs. J. E. Fanning and Mrs. A. R. Blackledge; for the negative, Rev. H. J. Wyckoff, Principal F. L. Newton and Rev. J. F. Cobb. Remarks were also made by F. H. Allen and Principal C. H. Hobson. The fudges spent some time discussing the work of the debaters, but could come to no decision as to which side won, so that the desired of the debaters. and Principal C. H. SECOND LADIES' NIGHT

HELD BY THE ELKS Twop'ty-five Tables of Whist Played Followed by Dancing.

The second ladies' night in their new home on Main street was given by the Elks on Tuesday evening and the programme of cards and dancing made it a delightful occasion for the Elks and their ladies who attended. Whist was played with 25 tables in the two card rooms upstairs in the early part of the evening. Those to take the pretty prizes were the fol-lowing: Mrs. John Brady, leather jewel case; Miss Mery Young, gold but pin; Mrs. M. H. Donahue, a piece of statuary; John Donovan, meer-schaum pipe, Dr. P. H. Harriman, a box of eigars.

Herbert Johnson, the Boston bar-tender, who was taken off the boat tender, who was taken off the boat train on Monday evening and removed to Backus hospital through the interest taken in his case by members of the local Bartenders' union, proved an ungrateful subject for the help that the Norwich men were trying to give him. He refused to allow himself to be treated at the hospital, and after staying all night insisted on departing on Tuesday morning. As he had recovered sufficiently to travel, the hospital authorities allowed him to go and it was supposed he headed back for Boston.

There was an attendance of nearly 300 at the adjourned annual city meet-ing which was called to order at eight o'clock by Mayor Thayer, the call being read by City Clerk S. D. Moore. It was explained by Mayor Thayer that the annual meeting was held pursuant to the call, but action on all the appropriations was deferred until Thesday night. The items were taken Tuesday night. The items were taken ip separately and there was but little

When the \$29,000 for ordinary stres repairs was read off Alderman Gebrath stated that the public works depart-ment would need all of that sum to carry on the work, and moved the ap-proval of the amount. Timothy C. Murphy asked if the dr-

partment could not get along with little less. He said he was anxious ! keep within 10 mills and there ought to be economy and the keeping down of expenses so that the brick paving can be done in Main street and the Hourigan lane improved.

Alderman Gebrath stated that \$30,-000 was received for that item last year and he believed that the entire \$29,000 would be required. The amount

was voted. On garbages and ashes, the alderman stated that while \$6,500 had been ask-ed that \$6,000 was sufficient last year. and he thought it would do this year, but the \$500 to be saved he was anx-lovs should be added to the macadam repairs item, as it is needed there The \$6,000 was voted and when the

macadam repair account came up it was increased from \$5,500 to \$6,000, the same as last year.

The alderman said he believed that \$5,500 will give two applications of oil and do what little sprinkling is necessary. There will be \$1,000 coming from the street railway for doing the work for them in the streets where there are car lines. This was voted.

Decrease in Fire Department.

When the sum of \$32,200 was read when the sain of \$25,500 was read for the fire department Councilman Barry of the fire commissioners speaking in the absence of Alderman Ely, who was out of town, said that the department is run cheaper than any in the state, but someone took exception and cried out "Taint so, Mr. in the state, but someone took exception and cried out "Taint so, Mr. Barry." He said that it had not kept inside its appropriation the past year because of the water shortage and went over it by \$998 because an auto was brought into use. He said that for two years previous to last year the department received \$32,200, but it was cut down last year and many repairs had to be allowed to go. He did pairs had to be allowed to go. He did not think \$32,200 too much. Timothy C. Murphy moved that the appropriation be \$31,000, and Edward

Appropriation be \$31,000, and Edward Kirby claimed that the department is always asking for more money and is not run as cheaply as Waterbury, Middletown and New London. The motion to make the amount \$31,000 prevailed. For the Stony Brock reservoir the sum of \$212,722,49 was yoted, this being the amount needeed to make up the \$7.000 on that work. No Increase for Police.

When \$26,000 was asked for for the police salaries, T. C. Murphy moved that the amount be \$25,000, the same as last year, and it later prevailed. Get a can of Squibbs Talcum and be Deputy Judge J. \$5,000 for the Park,

T. C. Murphy thought the park commission could get along with less than \$5,000. J. T. Fanning said it would be impossible to curtail this year, as the road from Washington street must be finished this year, as by the terms of the gift it must be done by January, 1912. It will take \$3,500 to completee it, and this work will be done by the superintendent. There will also be the superintendent's salary, the insurance on buildings and other necessary items. Another year quite a cut can be made in it. It is impossible to get an extension of time on the finishing of the road, as the estate is in an administrator's hands who can grant no extension.
